had previously been considered the bottom of the mine. This ore body has been crosscut between forty and fifty feet and averages four to five per cent copper. The Shannon has more ore in sight now than it ever had and this late discovery, it is believed, adds many years to the life of the mine.

The annual meeting of the Shannon Copper company will be held today in Boston. The report for the past year, one of the worst in the history of the copper industry, will show net earnings of about \$90,000 upon a production of nearly 16,000,000 pounds of copper. Costs have recently been materially reduced, and on a 14-cent copper market, it is estimated Shannon will earn \$10,000 per month, equal to \$1.60 per share per annum.

MARIE LOUISE ELOPES

VIENNA, November 17.—Reports current that Countess Marie Louise has eloped from Buda Pesth with a Hungarian thought to be Count Anton Cigray, are erroneous. It is now said that the young woman has eloped, not with Count Anton Cigray, but with a poor German aristocrat, who was employed as tutor to her brother.

GOMPERS WILL GO TO JAIL IF HE IS FINED

DECLARATION IS MADE BEFORE CONVENTION OF AMERICAN FEDERATION

Lively Discussion Brought on by the Question of Safeguarding Funds of Organization From Attachment in Law Proceedings.

DENVER, November 17.—President Samuel Gompers, in the convention of the American Federation of Labor today, declared that if he were found guilty and fined in the contempt proceedings, he would go to jail before he would pay a fine of allow the federation to pay it for him.

This statement was made by Gompers during a discussion of the report of the committee on the treasurer's report. The committee recommended that immediately following the adjournment of the convention, the executive council take up the proposition of placing its funds where they might be removed from danger of attachment.

The report brought on a political discussion in which several members declared themselves in favor of the formation of an independent political party.

Treasurer John B. Lennon said he had discussed the safeguarding of the funds with attorneys, and that all had agreed that it was impossible without resulting at some time in perjury by some person. Several suggestions were made from the floor, one being that the funds be deposited in Canada, and another that certificates of deposit be taken out in some other name than that of the treasurer.

THREE OFFICERS DROWNED

WHITEHALL, Mich., Nov. 17.—All doubt as to the fate of Deputy State Game Warden Salmonson, his brother Martin and Deputy Sheriff Hazeltine, who went to White Lake siding Saturday in search of illegally set nets, was settled today by the finding of their bodies in the lake, near where their overturned boat was found last night. They were evidently drowned by the capsizing of the boat.

AFFIDAVITS SHOWER IN COURT

ATTORNEYS COME BACK WITH MORE AFFIDAVITS TO REFUTE STATE

JUDGE LAWLER SAYS CONDITIONS PERMIT FAIR TRIAL OF FORMER BOSS

SAN FRANCISCO, November 17.—When the trial of Abraham Ruef was called today, the prosecution filed affidavits from thirty-seven persons, including Judge Lawlor, Chief of Police W. J. Biggy, Assistant District Attorney John O'Gara and Under Sheriff P. J. Heggerty, in reply to the affidavits made yesterday by Ruef and his counsel in support of a motion for a change of venue to some other town or city in the state. The counter affidavits set forth that no excitement or turbulence prevailed in the city as a result of the shooting of Special Prosecutor F. J. Heney in the open courtroom last Friday afternoon, and denied that either Ruef or his counsel were threatened or their lives endangered, or that any conditions existed which prevented the defendant from having a fair and impartial trial.

A supplementary affidavit by Ruef was filed by his counsel, over strong objections of the prosecution, in which he cited some newspaper articles denouncing the defendant and his counsel, which asserted that "Ach has clogged the wheels of justice for Ruef with a wagon load of affidavits," set forth the ejection from the courtroom yesterday of J. D. Cook, associated with the defense, and charged that the courtroom was daily filled with "personal enemies" of the affiant, while his friends, messengers, and even attorneys associated with the defense were denied admittance.

The court overruled objections of Hiram Johnson to the admission of this affidavit. Johnson declared that if the defense was allowed to file more affidavits, the trial would "degenerate into a battle of affidavits."

Judge Lawlor then granted the defense until 3 o'clock to file a reply to the affidavits. Many of the affidavits were from ministers of the gospel, denying alleged incendiary and inflammatory sermons attributed to them by the local newspapers, and from prominent citizens who averred that neither Ruef nor his counsel were in danger of personal violence.

A large force of police in uniform and in plain clothes were again in and around the courtroom and building. A squad of mounted policemen patrolled Fulton street.

The only incident of the morning was the ejection from the courtroom, before court convened, of a man who gave his name as R. A. Adams. Only a few people were in the courtroom at the time and Adams pressed forward to the rail, directly behind Ruef, and was reviling the former political boss and muttering threats against him. He was recognized as the man who yesterday ran after the patrol wagon in which Ruef was riding at the time.

Judge Lawlor, in his affidavit, averred that he had seen no indication of excitement and turbulence or threatened violence to the defendant, and denied that orders had been given to keep out other than disorderly, armed and suspicious characters from the courtroom.

The other affidavits were in a similar strain.

Mr. Ach had started to make a motion to strike out certain portions of the affidavits filed by the prosecution, when Hiram Johnson interrupted him and asked the court to deny the defense the right to make such a motion. Judge Lawlor stopped Ach with the announcement that the motion would not be entertained. Ach then asked for time until tomorrow to file a reply affidavit to that made by Rev. Wm. Rader, denying the correctness of remarks attributed to him by the newspapers.

Johnson arose and said:

"We beg and implore the court not to grant a request for further time or to permit the defense to file further affidavits."

Judge Lawlor made an order permitting Ruef to visit the office of his attorneys during a recess of the court. Ruef was taken down in a police patrol wagon, accompanied by three deputies, but without his escort of mounted police.

MURPHY TRIAL BEGINS TODAY

SAN FRANCISCO, November 17.—Superior Judge Murasky today issued an order at the request of Attorney Schleisinger, allowing the defense thirty days in which to prepare a bill of exceptions to the court's denial of a motion to set aside the indictment in the bribery cases against Attorneys Frank J. Murphy and A. S. Newburgh. The order, however, does not act as a stay of proceedings and the trial of Murphy will begin on Wednesday as set.

HAAS GREWSOME INQUEST

SAN FRANCISCO, November 17.—Coroner Leland began an investigation today into the fact connected with the suicide of Morris Haas in the county jail on Saturday night.

The body of Haas was brought into the jury room and laid on a slab. The Deringer with which Haas killed himself was placed in the shot from which it was supposed to have been drawn, and each juror ran his hand down the leg of the dead man in the manner of a police officer conducting a search, and in the case of each juror the Deringer was struck by his hand. Sergeant Burke was closely questioned as to the position of the body when found.

Some questions asked were objected to by Attorney Webb, who represented Chief Biggy, on the ground that the coroner had no right to conduct an examination before an inquest.

Several other witnesses were examined in an effort to obtain all possible information incident to the tragedy.

Funeral services over the remains of Haas will be conducted by the Improved Order of Red Men tomorrow, after which the body will be cremated.

ANNA GOULD AGAIN BREAKS INTO PRINT

ATTORNEYS CALLED ON TO DENY STORY THAT SHE SUBS FOR DIVORCE

Said to Be Contemplating Separation From De Sagan to Obtain Custody of Her Three Children, Now Held by Boni de Castellane, First Husband.

PARIS, Nov. 17.—Attorneys for Princess Helie de Sagan, who was Miss Anna Gould of New York, today characterized as untrue a statement published in a local newspaper today that the Princess had actually entered suit for separation from the prince. It was said that the princess contemplated this step in the belief that it would increase her chances of success in her pending suit for the custody of her three children, the offspring of her marriage with Count Boni de Castellane. It is understood that a hitch has developed in the negotiations looking for a settlement of the custody suit.

GERMANY'S WARLORD YIELDS

WILHELM FORMALLY PROMISES TO ABIDE BY THE GERMAN CONSTITUTION

KAISER WILL HENCEFORTH ACT ONLY THROUGH CHANCELLOR AND MINISTERS

BERLIN, November 17.—Forced by the angry tide of popular feeling that has swept the empire from end to end, Emperor William yielded to the nation today and promised henceforth to conform himself to constitutional methods in conducting the policies of Germany.

An interview between the emperor and the imperial chancellor took place at the new palace in Potsdam this morning, and at its conclusion the emperor made a formal promise to his people that in future he would not act, except through the chancellor and his associate ministers.

So marked has been the change of the Germans toward their sovereign in the last few days that a crowd of some 1500 which had gathered at the church this afternoon to attend the funeral of the late General Count Huelin-Haeseler, at which the emperor and empress were present, greeted their majesties almost in silence.

ATTEMPT TO BLOW UP KAISER

FRANKFURT ON THE MAIN, NOVEMBER 17.—Rumors were current here today of an attempt to blow up the train on which Emperor William journeyed from Donaueschingen to Berlin.

The royal railroad administrative office here makes public a statement in connection with the incident. According to this statement, both on Saturday and Sunday a dynamite cartridge was found on the tracks near the station at Muehlheim, near Frankfurt and Hanau. The cartridges were not found on the tracks over which the imperial train was to pass, but on tracks paralleling these. As this occurred in Hessian territory, the state's attorney at Darmstadt has instituted an investigation.

MEXICANS DENIED BAIL

WASHINGTON, Nov. 17.—The supreme court of the United States today refused to admit to bail F. Almones Magon, Antonio Villareal and Librado Rivera, who are held in custody at Los Angeles on a charge of inciting filibustering expedition from Arizona into the republic of Mexico. They are resisting extradition from California to Arizona.

CONVICTS BURN MINE AND DIE

BIRMINGHAM, Ala., November 17.

Fifty state convicts employed in the mines at Pratt City formed a conspiracy last night to set mine No. 3 afire and escape during the confusion; it has been learned, and as a result eight of them were burned to death, one is missing and the other forty-one are safely locked in the stockade. The fire did little damage.

WANT SUGAR ON FREE LIST

WASHINGTON, Nov. 17.—Consumers of sugar in the United States were particularly interested in a hearing before the house committee on ways and means on the question of higher or lower tariff rates on sugar and its manufactures. The fight of free entry of sugar was made on the claim that the consumer does not get any benefit from the present duty. It also was claimed by those who are opposing the so-called "Sugar Trust" that the present rate of duty on raw sugar no longer is required for protecting American sugar growers, on the ground that sugar is raised in this country as cheaply as abroad.

OIL BURNER STARTS FIRE

LOS ANGELES, Nov. 17.—Fire started by an oil burning heater caused the destruction of the interior of the Los Angeles-Pacific railway building at Fourth street this afternoon. NET DRAWS TIGHT ON DEFENDANT LAMPHERE

PROSECUTION INTRODUCES LETTERS SHOWING HIS RELATIONS

Mrs. Belle Guinness Wrote to Brother of Man She Had Killed and Buried, Making Repeated References to Lamphere, Whom She Called Crazy.

LAPORTE, Ind., November 17.

Prosecutor Smith played another trump card today when with A. K. Helgelein of Aberdeen, S. D., on the stand, he offered, in evidence and read to the jury, copies of three letters written by Mrs. Belle Guinness to the witness during March and April of this year, in which references to "that crazy Lamphere" are made. These letters portray the methods employed by the arch-murderess in allaying the suspicions of the relatives of the persons she murdered.

Even with Andrew Helgelein lying dismembered in her private graveyard, she was asking his brother to come to Laporte to investigate, and to bring plenty of money with him.

The correspondence between A. K. Helgelein and the First National bank was also offered in evidence, Cashier Pltner having identified a photograph of Andrew Helgelein as the man who had come to the bank with Mrs. Guinness early in January and drew \$2900. Mrs. Guinness is supposed to have murdered Helgelein on January 14.

DEFENSE PLEADS SUICIDE

LAPORTE, November 17.—That Ray Lamphere had confessed intimacy with Mrs. Belle Guinness that he had chased Andrew Helgelein with a gun, and that Mrs. Guinness had promised to marry Lamphere when he joined some secret society and took out insurance, were the sensational facts testified to today by Wm. Salter, a friend and neighbor of the defendant.

The first positive statement from the defense in court to show its line of defense was made by Attorney Worden, when in cross examining a witness he remarked that an effort would be made to show that Mrs. Guinness committed suicide. Along this line it follows that the defense will contend that she first murdered her children and then set fire to the house.

Lamphere's attorney said today that, from the present indications, the prisoner will not be placed on the stand in his own behalf.

Jacob Warwick, for whom Lamphere was working at the time of the fire, testified that on the morning of the fire Lamphere complained of not feeling well and quit work.

ROOSEVELT HOST TO LABOR

PRESIDENT AND HIGH OFFICIALS DISCUSS LABOR'S NEEDS WITH LEADERS

BILL OF RIGHTS, SAYS MORRISSEY; PUBLICITY IS DOLAN'S REQUEST

WASHINGTON, November 17.

Members of the cabinet and justices of the supreme court of the United States sat down tonight with labor leaders from various sections of the United States at a dinner given by President Roosevelt at the White House to a number of personal friends and men closely identified with the movement to better labor conditions in this country. The occasion was one of the most interesting events that has occurred at the White House for months.

From the supreme court, there were Justice Holmes and Justice Moody, both from Massachusetts. The cabinet was represented by Secretary James R. Garfield of the interior department and Secretary Oscar S. Straus of the department of commerce and labor.

Subjecting his guests, who were representatives of many of the leading labor organizations in the country, to a rapid fire of questions, President Roosevelt endeavored to learn what labor wanted from congress and in what way he could be of assistance to the toilers of the country.

While the president did not commit himself to any of the propositions submitted by the various labor leaders, it was learned that he sought a full expression of sentiment from all of them.

Justice Moody, Secretary Straus and Secretary Garfield frequently asked questions. The general impression prevailed among the labor leaders after dinner that the president's message to congress would show some of the flavor of the conference.

What seemed most significant of all, both to the president and to the other government officials present, was the suggestion that congress should pass a bill of rights into which all labor legislation should be incorporated, and should create a publicity board whose purpose would be to investigate and make public the details of controversies between capital and labor.

The plea for a bill of rights was made by F. H. Morrissey, grand master of the Railway Trainmen, while the publicity board idea was advanced by T. J. Dolan, general secretary and treasurer of the Brotherhood of Steam Shovel and Dredmen.

The president's interest in these two propositions was keenly awakened, but as to his attitude upon them he was noncommittal.

VAN VLISSENGEN READS PAPERS IN JAIL

PHENOMENAL SWINDLER EAGER TO BEGIN SENTENCE IN PENITENTIARY

Man Who Stole \$700,000 Will Help the Lawyers to Straighten Out Affairs—Holds Brief Conference With Wife After Dredging Cameras.

CHICAGO, November 17.—Peter Van Vlisengen, the prominent real estate dealer and club man and for years a reputed millionaire, who was arrested last night, indicted and sentenced to prison on his own confession of having obtained through forged papers more than \$700,000, arose in his cell at the county jail this morning after a sleepless night. The prisoner, although accustomed to the luxuries which come with an ample income, attacked the jail breakfast with gusto, incidentally perusing newspapers with full accounts of his sudden exposure and arrest.

He refused himself to all visitors and reiterated his desire to be taken at once to prison to begin serving his sentence. After several conferences with the lawyers, it was decided, the prisoner agreeing that he should remain in Chicago to assist in straightening out the tangled affairs of his office.

ARIZONA COMMERCIAL LANDS SHANNON IMPROVE

MASTER PROPERTIES IN ARIZONA SHOW NEW AND IMPROVED ANT ORE BODIES

Central Manager J. W. Bennie Is Here From Clifton to Inspect the Eureka Shaft and Plan With the Local Management, Further Development.

Among last night's arrivals in the city was J. W. Bennie of Clifton, general manager of the Shannon and Arizona Commercial copper companies. His visit to Globe at this time is occasioned by the very important ore development in the Eureka shaft which last week penetrated a body of copper ore and carbonate ore at a depth of 200 feet. The shaft has been in the ledge for 100 feet and is nearing the 725-foot mark where it is proposed to run another level, which is almost certain to open a large and high grade ore body.

Mr. Bennie is feeling very good, also, over the recent discovery of what is practically a new ore body in the Shannon mine at Clifton, ore having recently been encountered on the working level, forty feet below what
